WHY ATTEND ATMS

ATMS brings together **AEROSPACE**, **AUTOMOTIVE** and **DEFENCE OEMs**, top tier suppliers, component manufacturers, services and solutions providers through our unique B2B forum.

The event will feature one day of high level presentations, panel discussions, and technical workshops on the latest industry trends, opportunities and new technologies. On day 2, participants will get to meet face-to-face in-person or virtually through our service of pre-arranged meetings. We encourage you to walk the show floor to explore innovative solutions and network with industry experts.

All organizations must register in advance in order to attend.

2000 meetings

PROGRAMME

The summit will provide an outstanding opportunity for our audience to hear key insights from both industrial and academic experts in the aerospace, automotive and defence sectors. The full-day program of keynote speeches and panel discussions will address new trends and challenges facing the industry, and explore the ways that new technologies, processes and industry trends are impacting the manufacturing supply chain.

May 10, 2022: ATMS Summit (keynotes & panel discussions)

May 11, 2022: Meetings / Workshops / Exhibition
